

## President's Message

New Year's Day is observed on January 1st, the first day of the year on the modern Gregorian calendar as well as the Julian calendar used in the Roman Empire, Chinese New Year falls on different dates each year, a date between January 21 and February 20. However, we all know that the **REAL** New

Year begins on the first Tuesday after Labor Day (when school began back in the Dark Ages). I still think of September as a time of new beginnings.

And so it is for us at the Prescott AAUW Branch. Our first meeting of the 2013-2014 year will be held on Saturday, September 14 in the Yavapai College Library Building Community Room. We will begin the meeting with a social time from 9:00am to 9:30am. (**Coffee, tea, water will be available for \$1.00**, along with tasty goodies provided by our members.)

At 9:30am, we will be seated for "Table Talk", with announcements at 9:45, and our program at 10:00am. Our program for September will be presented by Frank Ayers, Chancellor at Embry-Riddle Aeronautical University, and a panel of ERAU women students, both graduate and undergraduate. These women represent the best in the areas of Science, Technology, Engineering and Math (STEM). Please be sure to put September 14 on your calendar and be present to hear from, and about, these dynamic young women and give them your support for their endeavors.

Many of our Interest Groups have continued during the summer, but in September, all of them return to their regular schedules. Have you taken a look at the list of

groups on our website? Check that list out and find a group(s) which appeals to you. There are a myriad of ways you can stretch your mind, have some fun, and get to know more of our members in the smaller group setting. *After all, that is why you joined AAUW, right?*

Speaking of our website (<http://www.aauwprescott.net/>), the team who puts it together, led by Sara DeRouchey, is planning a short presentation at our September meeting to familiarize all of us with the many different aspects of our excellent site. It will be an opportunity to learn more about our organization and yet another reason to be at that September meeting!!!

As I said in July, "See you in September" as we kick off another exciting, interesting and challenging new year!!

Warmly, Anne Barton, President

### **A Heads Up for Change--**

#### **How do YOU want your AAUW news?**

Our website is our face to Prescott members AND to the world. And the Thumb Sketch newsletter is our traditional way to tell us past or future activities, inspiring enthusiasm and energy for those events. To maintain both requires a particular set of skills and commitment.

So far it has been difficult to seduce skilled and enthusiastic members to join us on the newsletter and the website teams. I'm not sure why, because we LIKE doing this. However... we now have only one newsletter editor and it seems appropriate to rethink our process. We are considering several alternatives: a quarterly newsletter; a blend of posting on our website and emailed information; or maybe even in combination with a Facebook page.

This fall we will be brainstorming solutions. Please understand that we are still trying to reach everyone, and keep it easy for all of us to access the important news, but we don't have the volunteer members to effect that in the same traditional way. You'll see our Help Wanted ad on page 8.

Come join our Communication Team.

**Wa-hoo-wa  
Wa-hoo-wa  
Hey, Hey!  
UVA!!!**

Can you remember a cheer from your undergraduate days? Or what the school colors were?

Please wear your undergraduate school colors at our **October 12th** General Meeting. Any combination of attire with the colors or school clothing--t-shirts, hats, etc. will be highly acceptable!!

### **Programs**

*Lynne Murphy & Carol Clayton*

#### **Come Be a Part of the Fall AAUW Kick-off**

Be sure to join us on **Saturday, September 14<sup>th</sup>**, for the first meeting of the new AAUW year!

There are several things on tap, including the new directories, a quick "how to" demo about accessing both the AAUW website and Thumb Sketch, special recognition of Vera Stewart for her 50-year membership in AAUW, and a fascinating program presented by **Frank Ayers, Chancellor of Embry-Riddle Aeronautical University**, and a number of outstanding female students involved in STEM coursework. You'll be fascinated by their stories!

We'll look for you at about **9:00** for a social time, which will include meeting new members and renewing friendships with long-time members. We'll take our seats at 9:30 for the demo, announcements, and recognition, and then sit back and enjoy hearing from future scientists, engineers, and astronauts! One of them may someday fly to the moon....or to California!

#### **From Sea to Shining Sea**

Join the women of AAUW-Prescott on **October 12**, as **Sherry Koopot, a docent for the Phoenix Art Museum** since 1986, shares her passion for visual arts. Sherry states that "artists have been able to communicate many ideas, truths, experiences, and life lessons through their art".

The American spirit is defined by its land. Through the paintings of 19<sup>th</sup> century artists, Sherry will take us on a journey from the first colonies along the Atlantic to the Ohio River Valley, through the Louisiana Purchase and the Northwest Territory, from California Coasts to the Rio Grande, as America inches its way to complete the "footprint" of the Continental United States. Battles were fought, barriers were crossed, bargains were made, but always with an eye to protect and preserve this great land.

From the Revolutionary War through the Civil War we acquired our treasure. From the Spanish American War through the most recent War on Terror, we have fought to preserve this land and the unique gift it represents ..... a beacon of hope that stretches

"From Sea to Shining Sea".

## **Sister-to-Sister Fall Event**

**Planning Meeting  
and Invitation Making**  
Friday, **October 25th at 1:30**  
Claudia Greenwood's home  
RSVP to Claudia Greenwood,  
Community Action Chair

### **Public Policy for Sept. & Oct.**

Public Policy has special events planned for the September and October Meetings.

In September we will be altering our meeting date to accommodate the schedule of **Yavapai County Superintendent of Schools**, Tim Carter's schedule. **Tim Carter** will be our presenter for September and will be speaking to educational issues affecting Yavapai County. Tim will be hosting our meeting at Yavapai County Education Service Agency. We will be meeting on Monday, September 16 rather than our usual meeting day of the first Tuesday of the month. An opportunity will be available to present Tim with questions prior to the meeting. Watch for an email to Public Policy members in early September requesting your comments and questions.

In October we will be meeting at the CTECH facility in Chino Valley. The Chino Valley facility focuses on Agriculture and Agribusiness. We will be touring that facility and have an opportunity to meet following our tour for questions and to do further planning for Public Policy as we move into the rest of the year. Please visit the web site for the Chino Valley site at your leisure prior to our visit.—Deb White, Public Policy Chair

<http://www.yc.edu/v4content/campuses-and-sites/chino/default.htm>

## **Fundraising**

Welcome back to another wonderful year with AAUW. This summer we awarded a **\$500 scholarship** for childcare at the Del E. Webb Family Enrichment Center at Yavapai College to a woman with one child, who has maintained a 4.0 average, and who cares for her ex-spouse who has a terminal illness. The committee will be meeting in October to determine the recipient for the second semester.

As chair of the scholarship committee, the committee and I have been planning the fundraising for the next two years to add to the AAUW Centennial Scholarship at Yavapai College.

This year, we hope to have an author event in the spring. We have not fleshed out the details as yet, but we hope to attract members of the Prescott community – not just AAUW members. If you are aware of authors who would be of interest, please let us know. Another idea that we are working on is participating in a craft fair at Prescott College in December. More later on both of these events.

During the 2014-15 year we hope to host an antique appraisal event. We would hope to tie this in with the antique show on the courthouse square. More about this much later.

If you have an interest in fundraising, we would love to have you join us. The committee includes: Kelly Boryca, B.J. Forshee, Sharon Groves, Jane Skinner, Ann Sult, Edi Taylor-Richards, Lynne Murphy and myself, Elaine Smith. We have an honorary member in Anne Barton. She has some great ideas.

—Elaine Smith, Scholarship Fundraising Chair

## Congratulations to VERA STEWART- 50 Years in AAUW

Vera in 1961

Leaving her career in education to be a stay-at-home mom, Vera was thrilled when she and a neighbor joined AAUW and could talk about things other than “toilet training”! There were few members who were of child bearing age, but having mutual interests and backgrounds drew her in and have kept her interested to this very day.

Vera laughs at herself, remembering that when she joined AAUW she thought the members were all gray haired educators. Now she is one too!

When she and her family moved to another Southern California neighborhood where there was no AAUW branch, she was instrumental in chartering one with a whopping 65 members! She was given the position of Membership Chair, naturally. One of the women who joined that new branch was Carolyn Garfein, current National AAUW President.

A move to Prescott in 1995 found Vera seeking out the local chapter. In no time she was the new Membership Chair! Experience paid off for AAUW-Prescott and for Vera!

A bit of trivia you may not know is that it’s because of Vera that we have the annual Summer Social to which we invite potential members. So, we congratulate you, Vera, and thank you for your 50 years of service to AAUW.

**And, Vera says, ”Thank YOU AAUW for the memories!”**

Vera with sons Eric and John in 1970s. Daughter Melisa is not pictured.

Vera in 1995

Vera and her prize-winning Irises

## Get Ready for GREAT DECISIONS 2014

Just in case you are not familiar with Great Decisions, we discuss current foreign policy topics as identified by the Foreign Policy Association (FPA). We purchase a booklet from the FPA which provides information on the topic as well as some discussion questions. At the monthly meeting, we watch a short DVD (about 20 minute), then have a good discussion. This is always educational and, I think, exciting.

Great Decisions for 2013 has been interesting and informative. Topics this year were the Future of the Euro, Egypt (what an active topic this year), NATO, Myanmar, Humanitarian Intervention, Iran, China in Africa and Threat Assessment. As of this writing, the Foreign Policy Association had not yet published the 2014 topics, but I'm sure they will be just as current. The topics will be published on their website at FPA.org under Great Decisions.

We have two groups right now. They meet the 1<sup>st</sup> Thursday (Gretta Larson, Leader) and 4<sup>th</sup> Wednesday (Gayle Rumble, Leader). However, we've had so many people express interest in both another day group and an evening group that we'd like to prepare for 2014.

If you are interested in being part of an evening Great Decisions group in 2014, please e-mail Gayle Rumble no later than 18 October. The evening group will allow spouses, but they are not required (spouses optional). Membership for the day groups occurs in October, so be on the lookout for information on joining a day group.

Please send photos of interest group activities to Stephanie Brown for archives and Thumb Sketch

A little bit from National AAUW:

## AAUW Celebrates 125 Years of Funding Fellowships for Women

August 01, 2013

### \$3.7 Million Awarded for 2013–14 Academic Year

WASHINGTON — The American Association of University Women (AAUW) today formally announced our 125th class of fellows and grantees, who will receive funding for graduate work and educational projects thanks to an extraordinary program that started when women were discouraged from pursuing higher education.

Since 1888, the AAUW fellowships and grants program, which has distinguished the organization as one of the world's leading supporters of graduate women's education, has awarded nearly \$100 million in fellowships, grants, and awards to more than 12,000 women from 130 countries.

AAUW is giving \$3.7 million collectively to the 2013–14 fellows and grantees — which include 245 scholars, research projects, and programs promoting education and equity for women and girls....
